

## What's Happening in the Network

October was an exciting month for the Network. We hosted our second Virtual Symposium and some of our members were able to meet in person in different cities across the globe. We launched our book, *The Courage to Advance*, co-authored by Bonnie Hagemann, Lisa Pent and members of the WEoB Network. The Network, as well as our members, have made great strides this year. Co-Presidents, Rosie Bichard and Patricia Rodriguez Christian sent out a letter last week with all the achievements from 2021. If you have not had an opportunity to review the letter, be sure and check it out [here](#). Please take a moment to look through the newsletter to see what is happening in the network and with our members.

We would like to welcome all of our new members. We are looking forward to having them as a part of our amazing network. Please take a moment to welcome our new members and connect on LinkedIn.
